

October 03, 2017

Dear Resident/Property Owner/Commercial Operation:

RE: NOTICE OF CONSTRUCTION
Resurfacing of James Snow Parkway (Regional Road 4), from Main Street East to Highway 401 Ramp, Wards 1 & 4, Town of Milton, Our File: PR-2733I

Beginning October 2017, Halton Region will be resurfacing James Snow Parkway (Regional Road 4), from Main Street East to Highway 401 ramp. This work is required to rehabilitate and improve the driving surfaces of Halton's roadway system.

The contractor for this project is Fermar Paving Limited with project administration by AECOM Consulting. Construction is expected to be completed by December 2017.

Utilities such as Union Gas, Hydro and Bell Canada may have already started to locate and mark out their existing infrastructure to prepare for this construction. Please do not remove these marker stakes or paint markings. Staff will return to remove them once the project is complete.

Project Related Information and Recommendations:

- **Traffic Delays** – The project may cause traffic delays, lane shifts or lane restrictions on James Snow Parkway and at the intersection within the construction zone. We will make every effort to minimize any potential inconvenience. Emergency vehicle access will be maintained at all times.
- **Driveway Access** – During the project, direct access to your driveway may be restricted for short periods of time. The contractor will contact you in this event.
- **Truck Traffic** – At times you will notice increased truck traffic in the construction area. Please be aware and use extra caution while driving.
- **Vibration** – You may experience some vibration due to the work being done. As a precaution, we recommend that you remove or secure objects on shelves and walls.
- **Noise** – You may experience noise as a result of construction.
- **Night Work** – Night work may be required as part of this project.
- **Dust and Mud** – Due to the nature of the work, there may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

This project is part of *Building a Better Halton*, the Region's infrastructure construction plan for roads, water, wastewater, and waste management projects across Halton Region. For more information on Regional construction projects, please visit www.halton.ca/construction.
