RE: NOTICE OF CONSTRUCTION
Road Realignment of Tremaine Road (Regional Road 22) to Four Lanes from Steeles Avenue (Regional Road 8) to No. 3 Side Road, Wards 2, 3 and 8, Town of Milton, Our File: PR-2261C

Dear Resident/Property Owner:

Beginning spring 2018, Halton Region will be realigning Tremaine Road (Regional Road 22) to four lanes from Steeles Avenue to No. 3 Side Road. The work will include a grade separation under the Canadian Pacific Railway tracks, a bridge over 16 Mile Creek, on-road cycling lanes for both directions in addition to, multi-use paths on both sides of the road, and installation of a 600 mm watermain.

The contractor for this project is Dufferin Construction Limited with project administration by WSP Canada Group Limited. Construction is expected to be completed by the summer of 2020.

Utilities such as Union Gas, Hydro and Bell Canada have already started to locate and mark out their existing infrastructure to prepare for this construction. ***Please do not remove these marker stakes or paint markings. Staff will return to remove them once the project is complete.***

Project Related Information and Recommendations:

- **Traffic Delays** – The project may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience and provide you with advance notice when disruptions must occur. Emergency vehicle access will be maintained at all times.
- **Driveway Access** – During the project, direct access to your driveway may be restricted for short periods of time. You will be notified in advance of any planned restrictions.
- **Waste Collection** – Your garbage and recycling will continue to be picked up on the regular scheduled day. It is the contractor's responsibility to move your garbage and recycling to a location where our collection vehicles can pick them up. Please mark your house number on your containers or bins to help with identification.
- **Truck Traffic** – At times, you will notice increased truck traffic in the construction area. Please be aware and use extra caution while driving.
- **Vibration** – You may experience some vibration due to the work being done. As a precaution, we recommend that you remove or secure objects on shelves and walls.
- **Mail Delivery** – We do not anticipate any changes or delays to mail delivery. Should there be any changes, you will be notified in advance.

- **Well Monitoring** – Halton Region will be initiating a well water monitoring program for pre-construction, during construction and post-construction.
- **Noise** – You may experience noise as a result of construction. Work will be scheduled in accordance with local noise by-laws.
- **Lawn Irrigation System** – If you have a lawn irrigation system, please locate any sprinkler heads within the public road allowance and on your property. If the lawn irrigation system is damaged by our construction activities, Halton Region will reimburse you for the repair and reinstatement of the damaged irrigation system.
- **Water and Wastewater Services** – There may be some disruption to water and wastewater services at various times throughout the course of the project. You will receive written notice of any scheduled shutdowns or disruptions, a minimum of 48 hours before the disruption occurs.
- **Night Work** – Night work may be required as part of this project. You will be notified in advance of any change in work hours.
- **Dust and Mud** – Due to the nature of the work, there may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

This project is part of *Building a Better Halton*, the Region's infrastructure construction plan for roads, water, wastewater, and waste management projects across Halton Region. For more information on Regional construction projects, please visit www.halton.ca/construction.

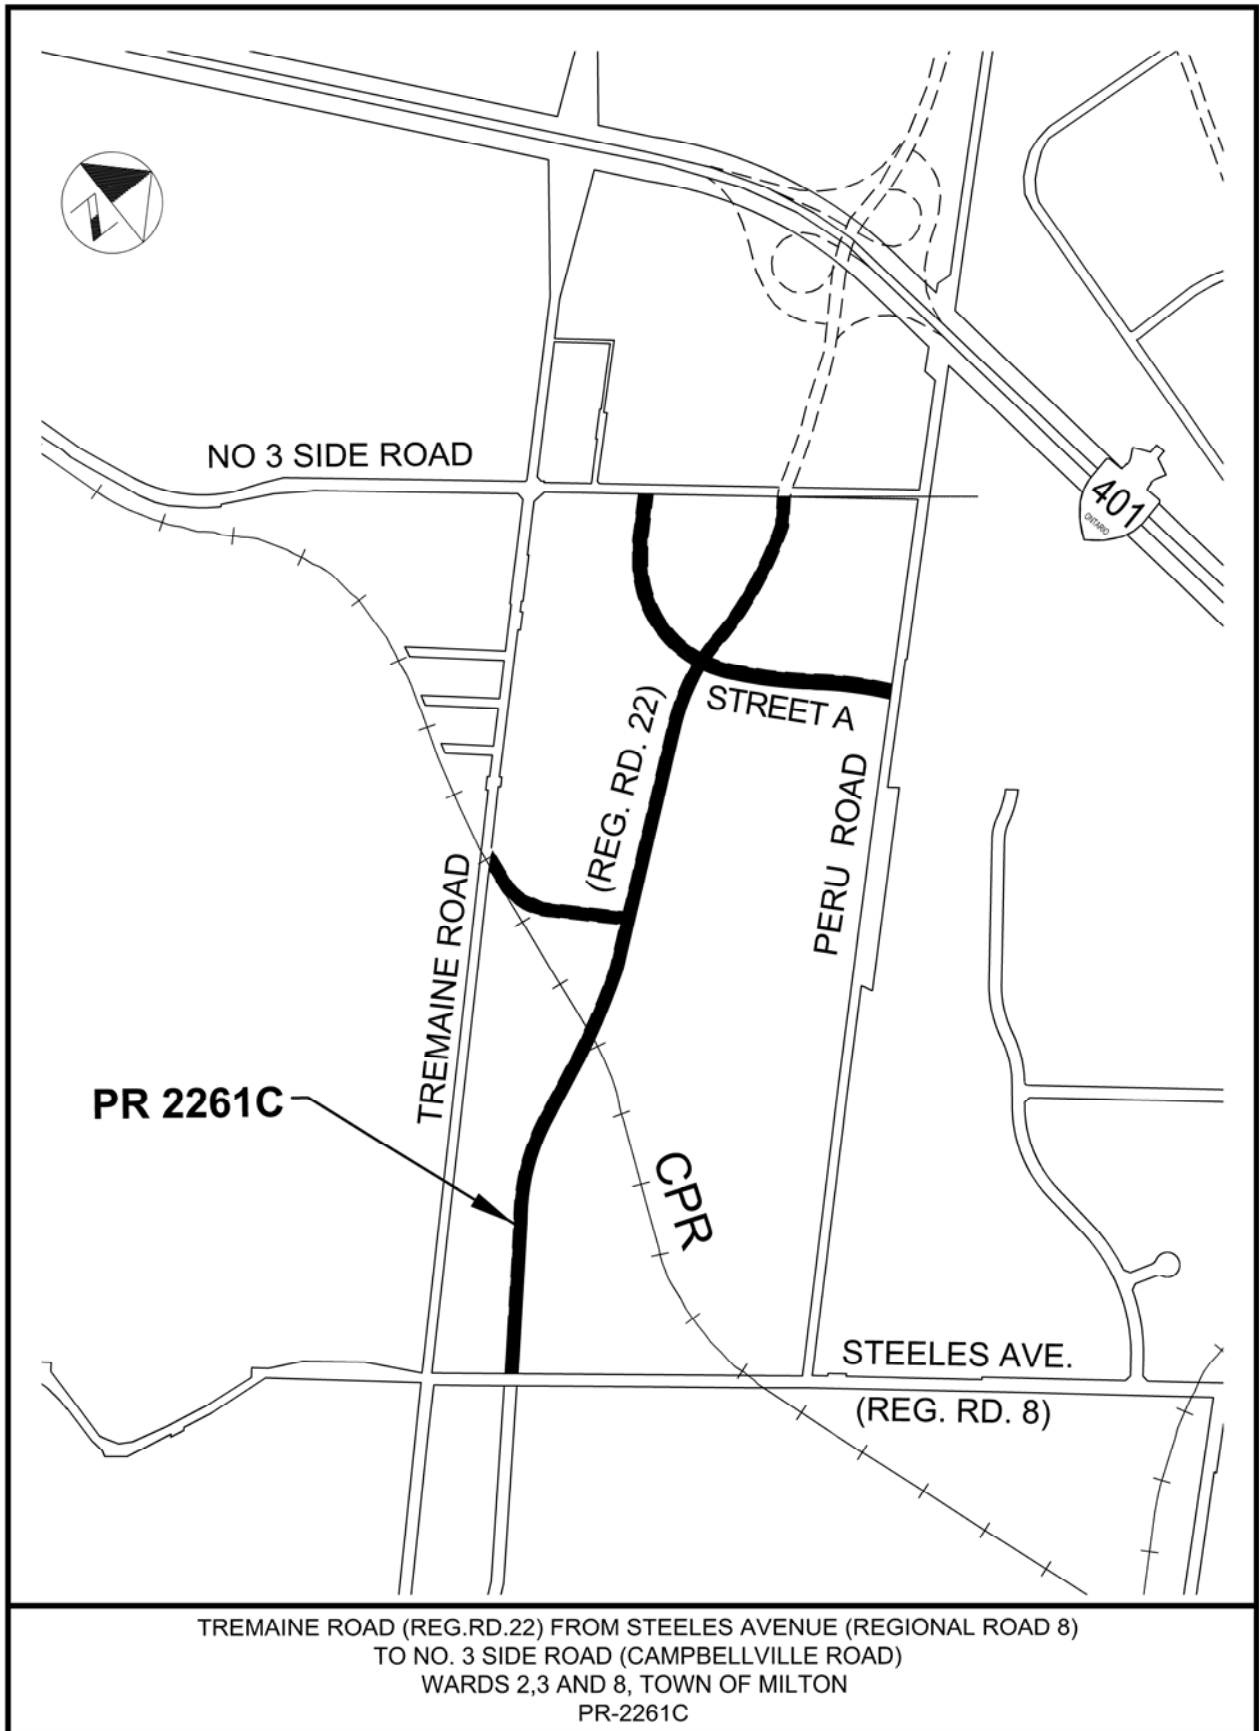

If you have any questions or require additional information, please dial 311 or contact me directly at 905-825-6000 (toll-free 1-866-442-5866), ext. 7620 or by email at, david.collum@halton.ca.

Sincerely,

David Collum, P.Eng., PMP
