

REGIONAL MUNICIPALITY OF HALTON

NOTICE OF STUDY COMMENCEMENT / PUBLIC INFORMATION CENTRE #1

Transportation Master Plan to 2031 - *The Road to Change* PR-2414

Background

Halton Region is initiating a Transportation Master Plan (TMP) – *The Road to Change* to develop a sustainable, integrated transportation plan and associated strategies that consider all modes of travel (automobiles, transit, cycling, walking) to the year 2031.

Problem Statement

The Master Plan will provide the strategies, policies and tools required to meet the Region's transportation needs safely, effectively and cost efficiently.

The Process

This notice signals the commencement of the Transportation Master Plan – a study which will define existing problems/opportunities, consider and evaluate solutions, and identify an optimum transportation system to the year 2031. A key outcome of the study will be a list of transportation projects that the Region can incorporate in its 20-year Roads Capital Program. To comply with the Environmental Assessment Act, the study is being conducted in accordance with the Municipal Class Environmental Assessment (EA) process (October 2000, as amended in 2007).

A key component of the study will be consultation with interested stakeholders including the public, interest groups and regulatory agencies. The study work plan provides for two rounds of public information sessions at four locations (one in each local municipality) and a Workshop. This notice advises the public of the first round of Public Information Centers.

Public Information Centre Locations

Municipality	Date	Time	Location
City of Burlington	Tuesday, March 23, 2010	Drop-in: 6:30pm Presentation: 7:00pm	Mainway Recreation Centre 4015 Mainway (Auditorium)
