

NOTICE OF STUDY COMMENCEMENT AND PUBLIC INFORMATION CENTRE #1

CLASS ENVIRONMENTAL ASSESSMENT STUDY

Ninth Line (Regional Road 13) Transportation Corridor Improvements Dundas Street (Regional Road 5) to 407 ETR (Express Toll Route) Town of Oakville and Town of Milton PR-3036A/PR-3037A

Study

Halton Region has initiated a Municipal Class Environmental Assessment (Class EA) study to consider a wide range of options for transportation corridor improvements to satisfy future travel demands to 2031 on Ninth Line from Dundas Street to the 407 ETR (approximately 500m south of Lower Base Line) in the Town of Oakville and Town of Milton. In order to best address public safety and travel demand along Ninth Line, the Class EA Study will consider a wide range of road improvement alternatives as well as intersection improvements, active transportation and overall traffic operations. The impact of road improvements on social, cultural, economic and natural environments will also be evaluated and assessed during the study.

Process

This notice signals the commencement of the Class EA, a study which will define the problem, identify and evaluate alternative solutions, and determine a preferred solution in consultation with the Town of Oakville, Town of Milton, regulatory agencies and the public. The study is being conducted in compliance with Schedule C of the Municipal Class Environmental Assessment (October 2000, as amended in 2007, 2011 and 2015), which is approved under the Ontario Environmental Assessment Act.

Public and review agency consultation is a key element of the Class EA process and input will be sought throughout this study, including two (2) Public Information Centres. Details regarding the Public Information Centres will be advertised as the study progresses. Upon completion of the study, a comprehensive Environmental Study Report will be prepared and placed on the public record for a minimum 30-day review period. The document will detail the planning process and the preferred alternative, including how public and agency input was received.

The first Public Information Centre has been arranged for:

Date: Thursday, June 16, 2016
Time: Drop-in: 6:30 – 8:30 p.m.
Location: Fern Hill School (Oakville Campus)
 3300 Ninth Line, Oakville, ON L6H 7A8

The purpose of the PIC is to review and obtain public input on the study, background information and the corridor planning alternatives being considered. Anyone with an interest in this study is invited to attend and participate.

The map shows the approximate limits of the study area.

If you are unable to attend the Public Information Centre and would like to provide comments, please forward them by June 30, 2016 to either Project Team member. For more information on this project, please visit the project website at halton.ca/EAsprojects

Subject: Notice of Study Commencement
Class Environmental Assessment Study
Ninth Line (Regional Road 13) Transportation Corridor Improvements
Dundas Street (Regional Road 5) to 407 ETR (Express Toll Route),
Town of Oakville and Town of Milton

Mr. or Ms.,

CIMA Canada Inc. (CIMA+) has been retained by Halton Region to conduct a Class Environmental Assessment (Class EA) study for transportation corridor improvements on Ninth Line from Dundas Street to the 407 ETR (approximately 500m south of Lower Baseline Road), in the Town of Oakville and Town of Milton.

The purpose of this letter is to inform your agency of the study and invite a representative of your agency to participate as a member of the Technical Agencies Committee for this study. The Technical Agencies Committee will be invited to attend two (2) meetings with the Project Team during the Class EA study. The meetings will be held to review and obtain input on key findings, such as existing conditions of the study area, transportation problems and/or opportunities associated with the study corridor, and alternative solutions and design concepts to address the identified problems/opportunities.

We would appreciate your reply indicating your agency's interest in the study and Technical Agencies Committee. **We kindly ask that you complete and return the enclosed reply form by May 6, 2016. Please indicate whether your agency has background information pertaining to the study area that can be made available to the Project Team; and any interests or regulatory requirements for this study.**

We look forward to your reply. If you have any questions regarding the study, please contact the undersigned at 289-288-0287 ext. 6812 or Sonya.Kapusin@cima.ca.

Yours sincerely,

Sonya Kapusin, MCIP, RPP

**Re: Ninth Line (Regional Road 13) Class Environmental Assessment (EA) Study
from Dundas Street (Regional Road 5) to 407 ETR (Express Toll Route), Town of
Oakville/Town of Milton
Class Environmental Assessment Study – Notice of Commencement and Public Information
Centre #1**

Dear Chief Marsden:

The Regional Municipality of Halton has retained CIMA Canada Inc. to undertake a Municipal Class Environmental Assessment (EA) Study to assess transportation corridor improvements on Ninth Line (Regional Road 13) between Dundas Street (Regional Road 5) and 407 ETR in the Town of Oakville and Town of Milton. This Study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineers Association Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 & 2015), which is approved under the Ontario Environmental Assessment

The Municipal Class Environmental Assessment (October 2000, amended 2007, 2011 & 2015), identifies consultation requirements with all stakeholders and we are endeavouring to continue separate and direct dialogue with First Nations. Correspondence from Halton Region does not represent consultation on behalf of the Governments of Canada or Ontario and Halton Region does not in any way represent the Governments of Canada or Ontario.

In order to fully assess potential impacts on First Nation interests, and to facilitate meaningful consultation, the purpose of this letter is to notify you of the project and to solicit comments that should be addressed throughout the Class EA Study. Please note that we are also contacting the Ministry of Culture, the Ministry of Aboriginal Affairs, and Indian and Northern Affairs Canada for their respective input to the Study. In addition, we will be contacting the following First Nation communities to request their active participation in the Study:

- Alderville First Nation
- Curve Lake First Nation
- Hiawatha First Nation
- Mississaugas of Scugog Island First Nation
- Mississaugas of the New Credit First Nation
- Mohawks of Akwesasne First Nation
- Oneida Nation of the Thames
- Six Nations Haudenosaunee Confederacy Council
- Six Nations of the Grand River
- The Mohawks of the Bay of Quinte (Tyendinaga) First Nation
- Wahta Mohawks First Nation

The Regional Municipality of Halton

We would appreciate receiving any information that you can provide pertaining to areas of potential Aboriginal uses and/or activities. Please advise whether or not there are any outstanding First Nation land claims within or in proximity to the Study Area, or any additional First Nations that should be contacted as part of this project. The information provided will be taken into consideration during the Class EA Study.

As part of this Study, a Stage 1 Archaeological Assessment will be carried out for the Study Area Corridor to identify any potential archaeological resources which could be affected by construction activities. A copy of the Stage 1 Archaeological Assessment will be provided to you once completed.

A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) through Public Information Centres (PIC). The first Public Information Centre has been arranged for:

Date: Thursday, June 16, 2016
Time: Drop-in: 6:30 p.m. – 8:30 p.m.
Location: Fern Hill School (Oakville Campus)
3300 Ninth Line, Oakville, Ontario L6H 7A8

The purpose of the PIC is to review and obtain public input on the problems being addressed, background information and the planning alternatives being considered. Anyone with an interest in this study is invited to attend and participate.

If you are unable to attend the Public Information Centre and would like to provide comments, please forward them by Thursday, June 30, 2016. For more information on this project, please visit the project website at www.halton.ca/EAProjects.

Thank you in advance for your participation. Should you have any questions or require additional information, please contact the undersigned at (905) 825-6000 ext. 7475 or darryl.young@halton.ca.

Sincerely,

Darryl Young, MCIP, RPP

In order to fully assess potential impacts on First Nation interests, and to facilitate meaningful consultation, the purpose of this letter is to notify you of the project and to solicit comments that should be addressed throughout the Class EA Study. Please note that we are also contacting the Ministry of Culture, the Ministry of Aboriginal Affairs, and Indian and Northern Affairs Canada for their respective input to the Study. In addition, we will be contacting the following First Nation communities to request their active participation in the Study:

- Alderville First Nation
- Curve Lake First Nation
- Hiawatha First Nation
- Mississaugas of Scugog Island First Nation
- Mississaugas of the New Credit First Nation
- Mohawks of Akwesasne First Nation
- Oneida Nation of the Thames
- Six Nations Haudenosaunee Confederacy Council
- Six Nations of the Grand River
- The Mohawks of the Bay of Quinte (Tyendinaga) First Nation
- Wahta Mohawks First Nation

The Regional Municipality of Halton

We would appreciate receiving any information that you can provide pertaining to areas of potential Aboriginal uses and/or activities. Please advise whether or not there are any outstanding First Nation land claims within or in proximity to the Study Area, or any additional First Nations that should be contacted as part of this project. The information provided will be taken into consideration during the Class EA Study.

As part of this Study, a Stage 1 Archaeological Assessment will be carried out for the Study Area Corridor to identify any potential archaeological resources which could be affected by construction activities. A copy of the Stage 1 Archaeological Assessment will be provided to you once completed.

A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) through Public Information Centres (PIC). The first Public Information Centre has been arranged for:

Date: Thursday, June 16, 2016
Time: Drop-in: 6:30 p.m. – 8:30 p.m.
Location: Fern Hill School (Oakville Campus)
3300 Ninth Line, Oakville, Ontario L6H 7A8

The purpose of the PIC is to review and obtain public input on the problems being addressed, background information and the planning alternatives being considered. Anyone with an interest in this study is invited to attend and participate.

If you are unable to attend the Public Information Centre and would like to provide comments, please forward them by Thursday, June 30, 2016. For more information on this project, please visit the project website at www.halton.ca/EAprojects.

Thank you in advance for your participation. Should you have any questions or require additional information, please contact the undersigned at (905) 825-6000 ext. 7475 or darryl.young@halton.ca.

Sincerely,

Darryl Young, MCIP, RPP
Project Manager

from Dundas Street (Regional Road 5) to 407 ETR (Express Toll Route), Town of
Oakville/Town of Milton
Class Environmental Assessment Study – Notice of Commencement and Public Information
Centre #1**

Dear Grand Chief Dooley:

The Regional Municipality of Halton has retained CIMA Canada Inc. to undertake a Municipal Class Environmental Assessment (EA) Study to assess transportation corridor improvements on Ninth Line (Regional Road 13) between Dundas Street (Regional Road 5) and 407 ETR in the Town of Oakville and Town of Milton. This Study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineers Association Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 & 2015), which is approved under the Ontario Environmental Assessment.

The Municipal Class Environmental Assessment (October 2000, amended 2007, 2011 & 2015), identifies consultation requirements with all stakeholders and we are endeavouring to continue separate and direct dialogue with First Nations. Correspondence from Halton Region does not represent consultation on behalf of the Governments of Canada or Ontario and Halton Region does not in any way represent the Governments of Canada or Ontario.

In order to fully assess potential impacts on First Nation interests, and to facilitate meaningful consultation, the purpose of this letter is to notify you of the project and to solicit comments that should be addressed throughout the Class EA Study. Please note that we are also contacting the Ministry of Culture, the Ministry of Aboriginal Affairs, and Indian and Northern Affairs Canada for their respective input to the Study. In addition, we will be contacting the following First Nation communities to request their active participation in the Study:

- Alderville First Nation
- Curve Lake First Nation
- Hiawatha First Nation
- Mississaugas of Scugog Island First Nation
- Mississaugas of the New Credit First Nation
- Mohawks of Akwesasne First Nation
- Oneida Nation of the Thames
- Six Nations Haudenosaunee Confederacy Council
- Six Nations of the Grand River
- The Mohawks of the Bay of Quinte (Tyendinaga) First Nation
- Wahta Mohawks First Nation

The Regional Municipality of Halton

We would appreciate receiving any information that you can provide pertaining to areas of potential Aboriginal uses and/or activities. Please advise whether or not there are any outstanding First Nation land claims within or in proximity to the Study Area, or any additional First Nations that should be contacted as part of this project. The information provided will be taken into consideration during the Class EA Study.

As part of this Study, a Stage 1 Archaeological Assessment will be carried out for the Study Area Corridor to identify any potential archaeological resources which could be affected by construction activities. A copy of the Stage 1 Archaeological Assessment will be provided to you once completed.

A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) through Public Information Centres (PIC). The first Public Information Centre has been arranged for:

Date: Thursday, June 16, 2016
Time: Drop-in: 6:30 p.m. – 8:30 p.m.
Location: Fern Hill School (Oakville Campus)
3300 Ninth Line, Oakville, Ontario L6H 7A8

The purpose of the PIC is to review and obtain public input on the problems being addressed, background information and the planning alternatives being considered. Anyone with an interest in this study is invited to attend and participate.

If you are unable to attend the Public Information Centre and would like to provide comments, please forward them by Thursday, June 30, 2016. For more information on this project, please visit the project website at www.halton.ca/EAprojects.

Thank you in advance for your participation. Should you have any questions or require additional information, please contact the undersigned at (905) 825-6000 ext. 7475 or darryl.young@halton.ca.

Class Environmental Assessment Study – Notice of Commencement and Public Information
Centre #1**

Dear Ms. Karry Sandy McKenzie:

In receiving a letter of receipt from Curve Lake First Nation dated June 6, 2016, regarding the above project, our study area is noted as located within the Traditional Territory of Curve Lake First Nation and is incorporated within the Williams Treaties Territory. It was identified that information regarding our proposed project be provided to your office. Please find attached our Notice of Commencement and Public Information Centre #1 as part of our obligation to consult as well as to inform other First Nations of the William Treaties. We will also add you to our project mailing list for future notifications.

The Regional Municipality of Halton has retained CIMA Canada Inc. to undertake a Municipal Class Environmental Assessment (EA) Study to assess transportation corridor improvements on Ninth Line (Regional Road 13) between Dundas Street (Regional Road 5) and 407 ETR in the Town of Oakville and Town of Milton. This Study is being carried out in accordance with the planning and design process for Schedule 'C' projects as outlined in the Municipal Engineers Association Municipal Class Environmental Assessment document (October 2000, as amended in 2007, 2011 & 2015), which is approved under the Ontario Environmental Assessment.

The Municipal Class Environmental Assessment (October 2000, amended 2007, 2011 & 2015), identifies consultation requirements with all stakeholders and we are endeavouring to continue separate and direct dialogue with First Nations. Correspondence from Halton Region does not represent consultation on behalf of the Governments of Canada or Ontario and Halton Region does not in any way represent the Governments of Canada or Ontario.

In order to fully assess potential impacts on First Nation interests, and to facilitate meaningful consultation, the purpose of this letter is to notify you of the project and to solicit comments that should be addressed throughout the Class EA Study. Please note that we are also contacting the Ministry of Culture, the Ministry of Aboriginal Affairs, and Indian and Northern Affairs Canada for their respective input to the Study. In addition, we will be contacting the following First Nation communities to request their active participation in the Study:

The Regional Municipality of Halton

- Alderville First Nation
- Curve Lake First Nation
- Hiawatha First Nation
- Mississaugas of Scugog Island First Nation
- Mississaugas of the New Credit First Nation
- Mohawks of Akwesasne First Nation
- Oneida Nation of the Thames
- Six Nations Haudenosaunee Confederacy Council
- Six Nations of the Grand River
- The Mohawks of the Bay of Quinte (Tyendinaga) First Nation
- Wahta Mohawks First Nation

We would appreciate receiving any information that you can provide pertaining to areas of potential Aboriginal uses and/or activities. Please advise whether or not there are any outstanding First Nation land claims within or in proximity to the Study Area, or any additional First Nations that should be contacted as part of this project. The information provided will be taken into consideration during the Class EA Study.

As part of this Study, a Stage 1 Archaeological Assessment will be carried out for the Study Area Corridor to identify any potential archaeological resources which could be affected by construction activities. A copy of the Stage 1 Archaeological Assessment will be provided to you once completed.

A key component of the study will be consultation with interested stakeholders (public and regulatory agencies) through Public Information Centres (PIC). The first Public Information Centre has been arranged for:

Date: Thursday, June 16, 2016
Time: Drop-in: 6:30 p.m. – 8:30 p.m.
Location: Fern Hill School (Oakville Campus)
 3300 Ninth Line, Oakville, Ontario L6H 7A8

The purpose of the PIC is to review and obtain public input on the problems being addressed, background information and the planning alternatives being considered. Anyone with an interest in this study is invited to attend and participate.

If you are unable to attend the Public Information Centre and would like to provide comments, please forward them by Thursday, June 30, 2016. For more information on this project, please visit the project website at www.halton.ca/EAprojects.

Thank you in advance for your participation. Should you have any questions or require additional information, please contact the undersigned at (905) 825-6000 ext. 7475 or darryl.young@halton.ca.
