# Dentists

## Schedule of Dental Services and Fees for Ontario Works Adults

### 2023

#### PURPOSE OF THE PROGRAM

Halton Region does not intend to provide on-going regular dental care to adults in the Ontario Works (OW) program. The OW Adults dental program is <u>not</u> an insurance plan. This program provides three types of care:

- Emergency care for conditions involving pain, infection, or trauma.
- Denture care to restore chewing ability and/or speech.
- Non-emergency dental services will only be covered under special circumstances.

#### WHO IS ELIGIBLE?

- Adults who are currently on OW.
- Confirmation must be received by the dental office from the Health Department via telephone or the Ontario Works Adults dental claim form.
- If treatment is not occurring during business hours, the dental office must call Halton Region on the next business day. Business hours are 8:30 a.m. to 4:30 p.m., Monday to Friday.
- Should more treatment be required past the expiry date, contact Halton Region to re-verify eligibility.
- Only residents of Halton Region are eligible.

#### DENTAL EMERGENCIES

Adults in the OW program, with a dental emergency, can be seen by a dental treatment provider immediately. A dental emergency involves pain, infection or trauma.

If treatment is not occurring during business hours, the dental office must call Halton Region on the next business day. Business hours are 8:30 a.m. to 4:30 p.m., Monday to Friday.

#### **NON-EMERGENCIES**

Adults with non-emergency dental conditions must first be screened by Halton Region Oral Health staff. To schedule a screening appointment, please call Halton Region at 905-825-6000.

#### DENTAL TREATMENT PROVIDER'S ROLE

The provider determines the treatment needs for OW Adults clients and will submit claims according to the OW Adults schedule of fees.

- For emergency care up to a maximum of \$200.00, the provider may treat the urgent need and submit a claim form, provided that the fee schedule does not indicate pre-determination is required (please see note below).
- For non-emergency care, the provider <u>must</u> submit a treatment plan to Oral Health at Halton Region prior to beginning treatment.

Note: Some services require pre-determination prior to service provision. These services are marked with a "P" beside the procedure code. For these services, providers must forward a pre-determination and information, as indicated in the *Ontario Works Adults - Schedule of Dental Services and Fees* or as requested by Halton Region Oral Health.

#### FEE LEVELS

The fees listed in this schedule are the maximum fees for the covered services. Dental treatment providers who accept clients under this fund agree to provide the covered services for the specified fees only. The fees constitute full payment for services, and there is no balance-billing or extra-billing to the client for covered services.

For services provided by registered dental specialists, specialist fees are given.

#### LABORATORY FEES

A copy of the laboratory invoice(s) must accompany the claim form.

#### FUNDING

This program is funded by Halton Region's Social & Community Services Department, and is administered by the Halton Region Health Department, Oral Health.

#### BILLING CODES RELATED to COVID-19

Effective November 1 2020, the following billing codes have been added to the OWA Fee Guides. Please note the specific parameters for these billing codes:

Code	Description	Parameter
99900	Provision of additional personal protective equipment required by the COVID-19 pandemic	<ul> <li>Use of regular PPE is not eligible for billing</li> <li>A flat fee within the fee guides, per appointment</li> </ul>
05201	Consultation with Patient	<ul> <li>Specific to tele-dentistry, only during a declared Stage 1 Provincial Emergency where dental clinics are unable to be open due to the declared emergency</li> <li>A maximum of one unit of time per appointment</li> </ul>

#### LETTER OF EXPERTISE

For certain services, a letter of expertise (LOE) must accompany the pre-determination. The need for a LOE is indicated in the "Limit" column of the fee schedule. The LOE should provide information which supports the need for coverage of this service for this patient.

The LOE should be submitted on office letterhead and be signed by the dental treatment provider. The letter must include: patient's name; date of birth; name of dental treatment provider; and office address. It may include the following information: clinical findings; diagnosis; prognosis if treatment is provided; prognosis if treatment is not provided; and impact of treatment/non-treatment on the patient's ability to function.

The LOE may include radiographs if available.

#### OTHER INFORMATION

If you have additional questions about this fund please contact Halton Region at 905-825-6000.
