## Section F - HATCH building selections

### How to complete this form:

The number of people living in your household is one of the factors determining what HATCH buildings/locations you can select. Based on the number of members in your household, you are entitled to select buildings with the following bedroom sizes:

#### Largest unit

- ✓ One bedroom per person (exception: partners are required to share a bedroom).

#### Smallest unit

- ✓ One bedroom for every two people in the household.
- ✓ An additional bedroom if there is an odd number of members in the household.
- ✓ Exception – for couples and single person households, the smallest unit the household is eligible for is a bachelor unit.

#### Please indicate what size of unit you are interested in based on your household\*:

Bachelor	2 Bedrooms	4 Bedrooms
1 Bedroom	3 Bedrooms	5 Bedrooms

\*Please note that HATCH will only select buildings that you are eligible for regardless of bedroom size indicated above.

**Building Types:** Apt. = Apartment TH = Townhouse SD = Semi-Detached D = Detached

#### Seniors buildings

- ✓ If one member of your household is 60+, you may select both Senior and All Ages properties.
- ✓ You will not receive an offer of housing in a senior's community until one household member has reached the age of 65+.

Review the map on the next page to determine where in Halton you want to live.

Select the building(s) in your preferred location using the checkbox beside the building name.

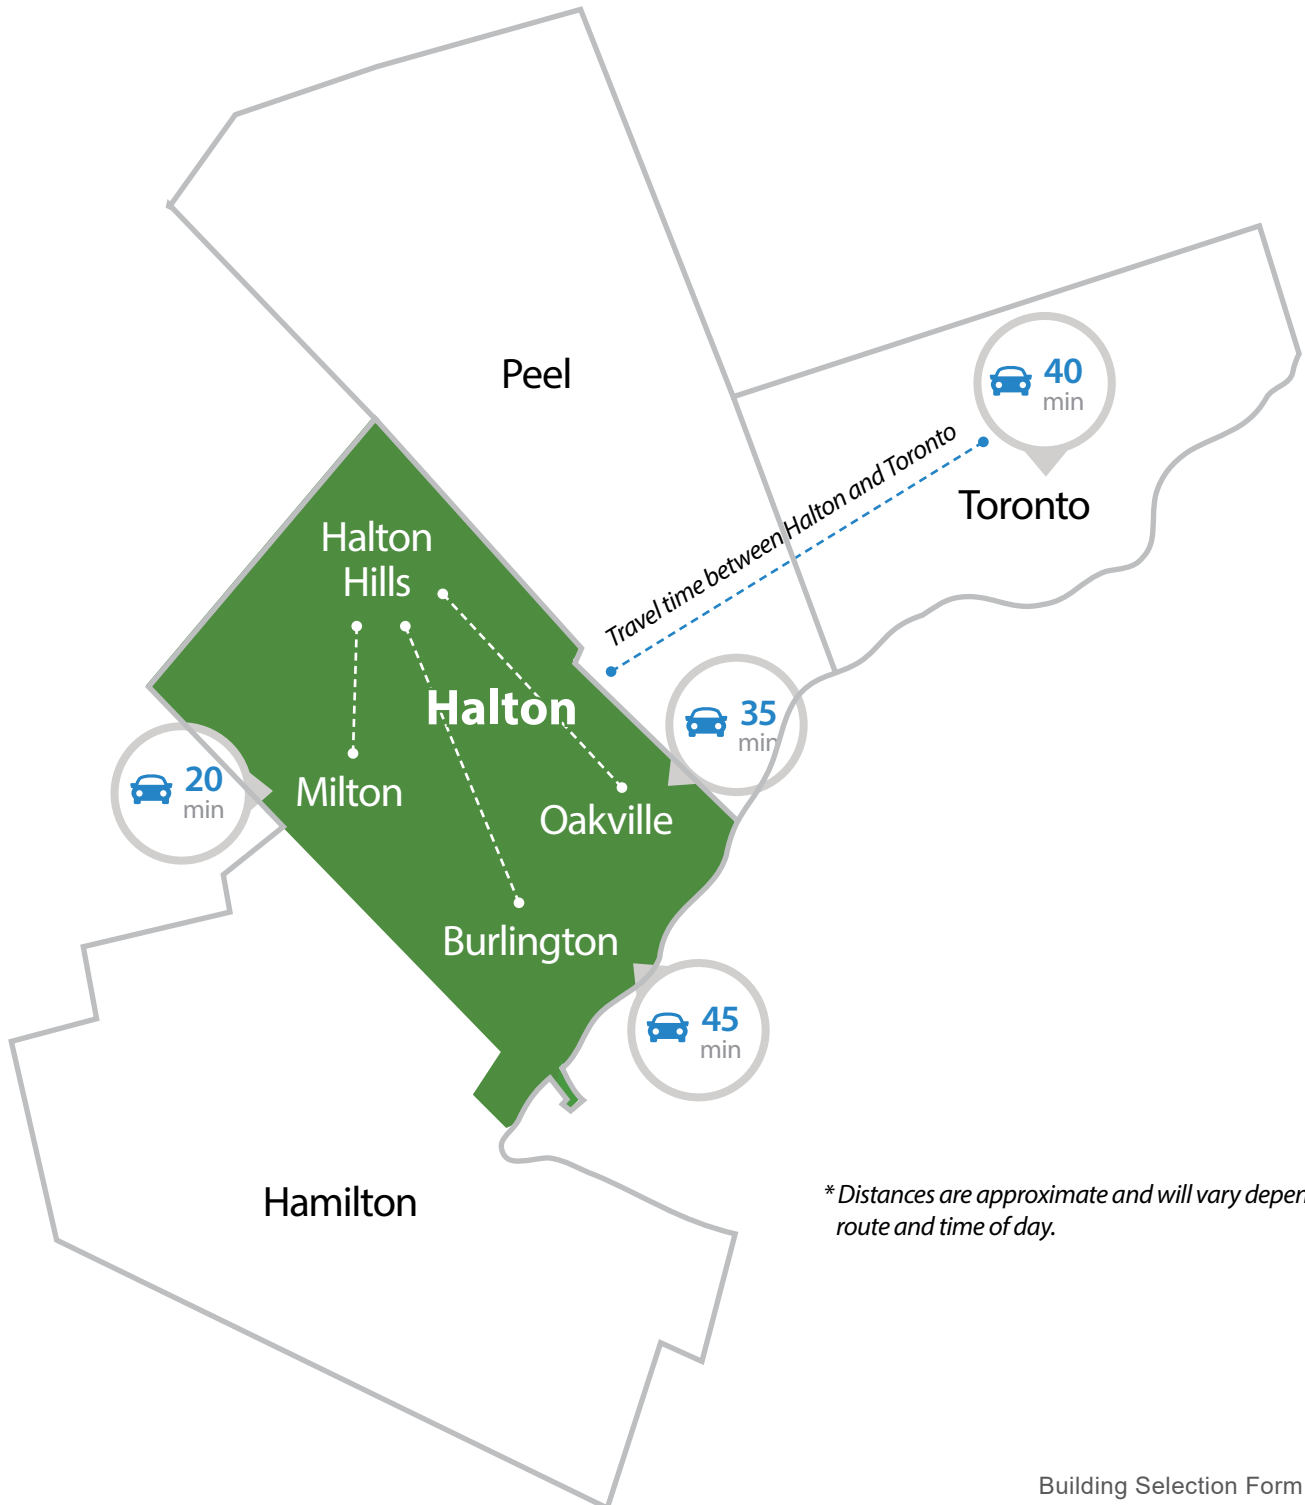

Choose as many buildings as you wish. You may change your building selections at any time by submitting your requested changes in writing to HATCH.

**You must accept the first HATCH unit that is offered from the buildings you have selected to live in.** If you do not accept your first offer of housing, you will be removed from the HATCH waitlist and you will need to re-apply with a new application date.

## Frequently asked questions

---

### **How long will I be waiting to get housing in Halton?**

In Halton Region, like in other communities, it can often take a number of years before government assisted housing becomes available. Placements from the HATCH wait list are made based on when the applications are received. Wait times depend on the number of communities and properties selected by a HATCH applicant and the number of vacancies that become available.

### **How does Halton select wait list applicants for housing?**

Halton Region offers housing based on the date of the application. Individual housing providers have a subsidized housing wait list for their property and contact the next eligible applicant directly when there is a vacancy so they can view the unit.

### **What happens while I am waiting for housing?**

It is important to keep your application up-to-date. Each summer, HATCH will send you an annual update form. This form must be completed and returned to HATCH or your application will be cancelled and you will be removed from the HATCH wait list.

**You may report changes to your application to HATCH at any time. This includes changes to:**

- your address and/or phone number;
- the number of people in your household;
- the contact person on your application; and
- your household income.

## Keeping your application up to date

---

Once per year, HATCH will mail you the Annual Update Form. This document must be completed and returned to HATCH by the deadline listed on the form.

You are required to notify HATCH within 30 business days of any changes to your application.

**You must accept the first HATCH unit that is offered from the buildings you have selected to live in.** If you do not accept your first offer of housing, you will be removed from the HATCH waitlist and you will need to re-apply with a new application date.

**Important: Applications that are not updated may be cancelled and your name may be removed from the HATCH wait list.**
