

Building a Better Halton

Project #2079B

Trafalgar Road Widening (RR 3)

Leighland Avenue to North of Hays Boulevard

Widening to 6 lanes

Bike lanes

Maintaining clean drinking water

Notice of Planned Construction – March 18, 2019

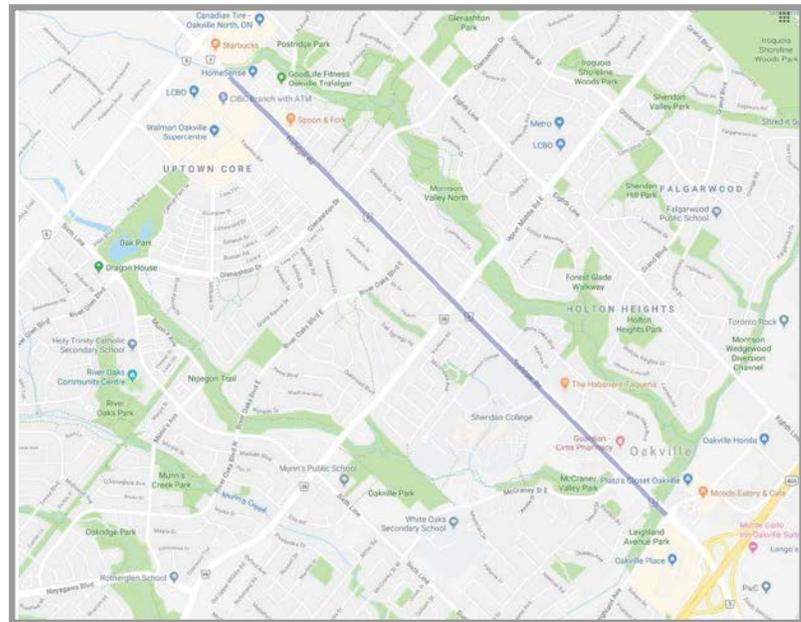

Fall 2019 to Fall 2021

About This Project

IMPROVEMENTS

To keep traffic moving and maintain the infrastructure in a state of good repair, Halton Region is making improvements to Trafalgar Road (Regional Road 3) from Leighland Avenue to North of Hays Boulevard. Improvements will include the following upgrades:

- Widening of Trafalgar Road from four to six lanes;
- Road Resurfacing
- Installing new street lighting;
- Replacing the watermain and storm sewer infrastructure;
- Installing new off-road cycling infrastructure and sidewalks.
- Landscaping

Town of Oakville
Town of Oakville

Ward 5
Ward 6

Trafalgar Road is a critical south-north corridor in Halton Region, and these improvements will help accommodate changing and growing travel demands.

Building a Better Halton

Project #2079B

This work is anticipated to begin in the fall of 2019.

Utilities such as Union Gas and Oakville Hydro have already started to relocate their existing infrastructure along Trafalgar Road to prepare for this construction. Various utilities have also started to locate and mark out their existing infrastructure to facilitate these relocations. ***Please do not remove these marker stakes or paint markings. Staff will return to remove them once the project is complete.***

About This Project

PLANNING AHEAD

To help you plan ahead for construction activity, please read the project related information below. Wherever possible, mitigation plans will be put in place to minimize disruptions.

Dust and Mud – There may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

Noise – You may experience noise as a result of construction. We will schedule work in accordance with local noise by-laws.

Traffic Delays: This work may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience. Emergency vehicle access will be maintained at all times.

Tree Pruning and Removals – Due to the road widening, certain trees will be either pruned or removed. This work may happen shortly to allow for the utility relocations to occur. New trees will be planted once construction has completed.

Truck Traffic – You will notice occasional increases in truck traffic around the ongoing work. Please be aware and use extra caution while driving.

MORE INFORMATION

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
