

NOTICE OF STUDY COMPLETION

MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY

Ninth Line (Regional Road 13) Transportation Corridor Improvements,
Dundas Street (Regional Road 5) to 407 ETR (Express Toll Route), Town of Oakville and Town of Milton
Environmental Study Report | PR-3036A/PR-3037A

Study

Halton Region has completed a Municipal Class Environmental Assessment (Class EA) study to satisfy future travel demands to 2031 on Ninth Line from Dundas Street to 407 ETR (approximately 500 m south of Lower Base Line) in the Town of Oakville and Town of Milton. The study has been conducted in compliance with Schedule C of the *Municipal Class Environmental Assessment* (October 2000, amended 2007, 2011 and 2015), which is approved under the *Ontario Environmental Assessment Act*.

Process

The Environmental Study Report (ESR) has been prepared to document the planning, public consultation and decision-making process undertaken for this study. By this Notice, the ESR is being placed on the public record for a 45-day review period in accordance with the requirements of the Municipal Class EA. Subject to comments received as a result of this Notice and the receipt of necessary approvals, Halton Region intends to proceed with the detailed design and construction of the preferred alternative solution as documented in the ESR.

An electronic copy of the Environmental Study Report can be accessed at halton.ca.

Interested persons may provide written comments to our project team by January 25, 2021. All comments and concerns should be sent directly to Ann Larkin (ann.larkin@halton.ca) at Halton Region.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester contact information and full name for the ministry.

Requests should specify what kind of order is being requested (request for additional conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy those potential adverse impacts, and any information in support of the statements in the request. This will ensure that the ministry is able to efficiently begin reviewing the request.

The request should be sent in writing by mail or by email to:

Ministry of Environment,
Conservation and Parks
Ministry of Environment,
Conservation and Parks
777 Bay Street, 5th Floor
Toronto, ON M7A 2J3
minister.mecp@ontario.ca

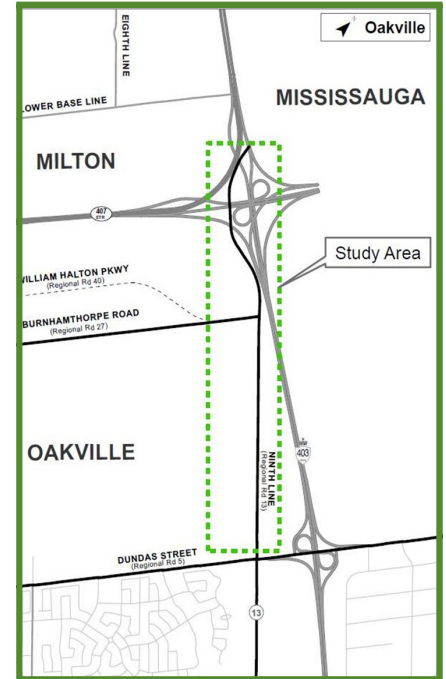

Director, Environmental
Assessment Branch
Ministry of Environment,
Conservation and Parks
135 St. Clair Ave. W, 1st Floor
Toronto, ON, M4V 1P5
EABDirector@ontario.ca

Requests should also be sent to Halton Region by mail or by email:

Ann Larkin, P.Eng.
Supervisor, Transportation Planning
Halton Region
1151 Bronte Road
Oakville, ON L6M 3L1
ann.larkin@halton.ca

Information will be collected in accordance with the *Municipal Freedom of Information and Protection of Privacy Act*. With the exception of personal information, all comments will become part of the public record.

This Notice was first issued December 10, 2020.

The map shows the approximate limits of the study area.
