

# Building a Better Halton

August 29, 2021

## Basement Flooding Mitigation Program Part A

Sewer back up  
prevention

### Town of Oakville – Ward 1

#### Notice of Planned Construction Update #1 – PR-3042W

Fall 2022

#### About This Project

#### IMPROVEMENTS

Further to the Region's last notice on July 21, 2020, this Notice provides an update on the wastewater collection system enhancements planned by Halton Region within Ward 1, in the Town of Oakville.

Design work is currently in progress and construction is now tentatively scheduled for fall 2022. Another notice will be distributed once the contract is awarded and a more precise construction start date is confirmed. The Region will continue to provide updates on the status of this project as it proceeds to construction.

The purpose of this project is to mitigate basement flooding risks by rehabilitating existing wastewater infrastructure. The project will occur along the following streets, with limits of the work identified in the attached maps:

- Mississauga Street
- Riverview Street
- Tulip Street
- West Street
- Mohawk Road
- Third Line
- Victoria Street
- Wycroft Road

# Building a Better Halton

August 29, 2021

**COVID-19 Update:** Regional staff and contractors will be following health and safety guidelines set out by the Province and Public Health to help stop the spread of COVID-19. For more information, please visit [halton.ca](https://www.halton.ca).

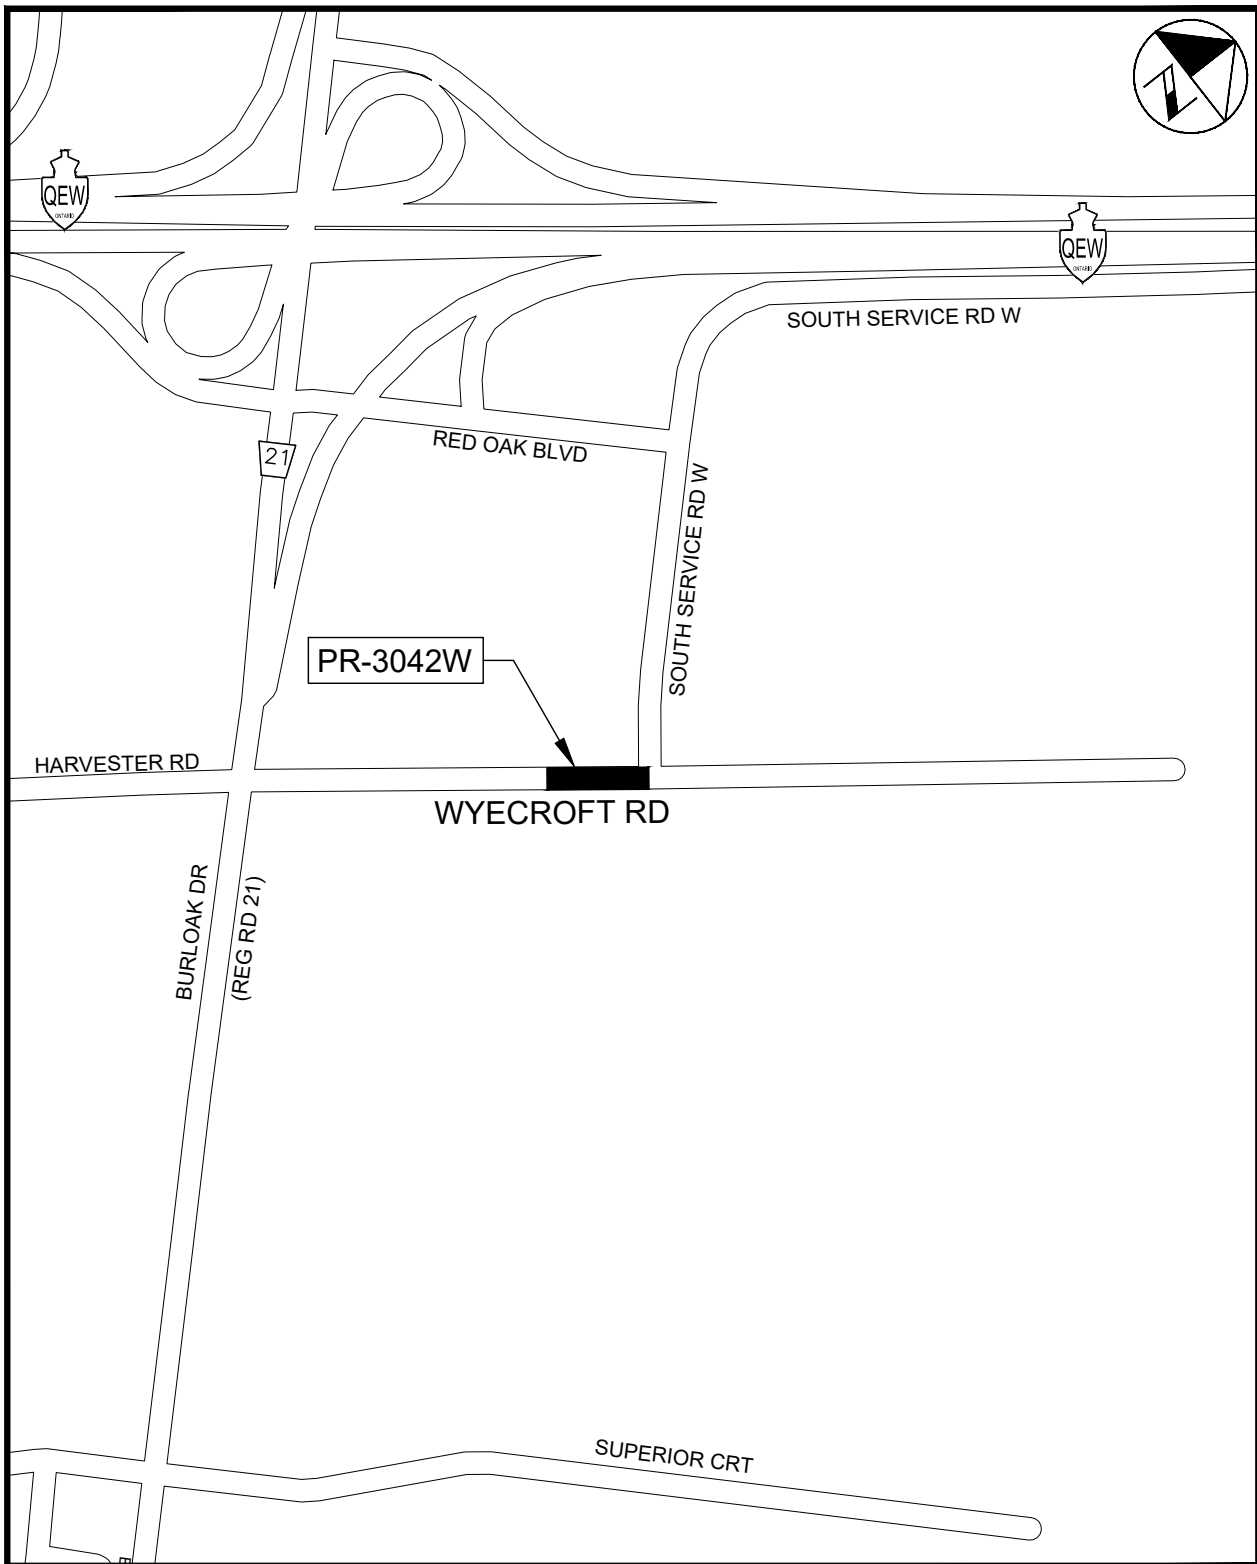

## MORE INFORMATION

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
