

Public Health Updates for Halton Physicians: Focus on COVID-19 vaccination

Connect and learn with other family physicians and public health experts at a new interactive, free, quarterly webinar series.

Date: Wednesday, February 17, 2021

Time: 7-8 p.m.

Register: Online ([registration form](#) at halton.ca/physicians) or call 311

Keynote speaker:

Dr. Noni E. MacDonald, MD MSC FRCPC
Professor Paediatrics (Infectious Diseases),
Dalhousie University

Research focus on:

- Vaccine safety
- Vaccine hesitancy
- Vaccine communication

Overall series learning objective:

By attending the Public Health Updates for Halton Physicians series, participants will be able to identify and discuss relevant and recent information about approaches to the prevention, diagnosis and management of key public health issues impacting their family medicine practice.

Learning objectives for this session:

By attending the Public Health Updates for Halton Physicians: Focus on COVID-19 vaccination, participants will be able to:

- Discuss the current state of COVID-19 infection and the vaccination status in Halton Region;
- Understand the key principles on communicating with vaccine hesitant individuals;
- Implement skills to listen and engage in conversations aimed at building trust vaccines, especially the COVID-19 vaccine; and
- Identify an adverse event following immunization and explain how to report an AEFI following COVID-19 vaccination.

These free webinars are interactive and questions from participants are answered in real-time where possible. Each session is recorded and shared after the event, including links to useful resources. More information is available online at halton.ca/physicians and halton.ca/COVID19.

This one-credit-per-hour group learning program has been certified by the College of Family Physicians of Canada and the Ontario Chapter for 1 Mainpro+® credit. This program is part of a series that has been certified for up to 4 Mainpro+® credits.
