

Building a Better Halton

**1258 Rebecca
Street, Oakville**

Seniors Supportive
Housing

Construction Update – CC23-05

August 2025

About This Project

Halton Region is actively constructing 14 semi-detached, one-bedroom bungalows at 1258 Rebecca St. These homes are designated supportive and assisted housing for seniors. The project is expected to be completed in Fall 2025.

To support underground work, including utility connections, the following **temporary road restrictions and detours** will be in place over the coming weeks:

- **Woodside Drive:** Road closure from Wednesday, August 27 to Friday, August 29. Detours will be in place along Sedgewick Crescent and will be clearly marked. The detour plan is provided on the following page for reference.
- **Rebecca Street:** Monday, September 15 – Tuesday, September 30. More information on this closure, including detours, will be confirmed and communicated in the coming weeks.

All road restrictions and dates are subject to change based on site and weather conditions.

Construction Activity

Halton Region is taking steps to minimize construction impacts and disruptions. However, you may experience the following construction related activity:

- **Dust and mud:** There may be increased levels of dust and mud near the work site. The contractor will manage these impacts.
- **Noise:** You may experience some noise as a result of this Regional improvement. We will schedule work in accordance with local noise by-laws and make every effort to minimize any disruption or inconvenience to the surrounding community.
- **Truck traffic:** You will notice occasional increases in truck traffic. Please be aware and use extra caution while driving.

Building a Better Halton

Contact and More Information

If you have any questions or concerns related to the project, please contact accesshalton@halton.ca or call 311.

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
