

How to wear a mask

Pick a mask that you like and is comfortable.

Make sure it covers your nose, mouth and chin.
No gaps!

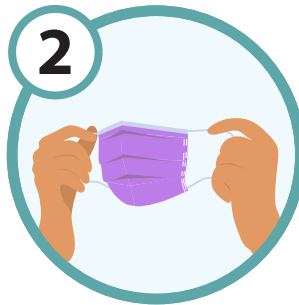

Don't touch your mask while it's on your face – germs from your hands can get on your face!

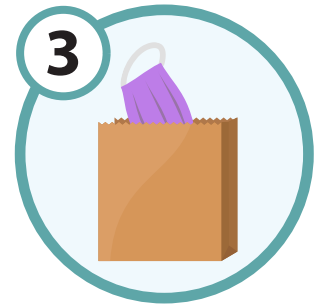

How to put on and take off your mask

Wash your hands with soap or use hand sanitizer **before and after** you put on your mask.

Only use the straps to put on and take off your mask.

Put it in a clean container or paper bag. **Remember:** Don't share your mask with others!

Thank you for doing your part to protect yourself, your classmates, teachers and others at your school. Let's continue to be kind and have a great school year!
