Road Resurfacing Program

**Guelph Line (Reg. Rd. 1) from
Dundas Street (Reg. Rd. 5) to
2 Side Road**

Road resurfacing

Notice of Construction – PR-3342

July 2020 - November 2020

About This Project

IMPROVEMENTS

Halton Region annually replaces the surface asphalt on various roadways across the Region to maintain and extend the life cycle of its roadways. Beginning July 2020, Halton Region will be resurfacing Guelph Line (Reg. Rd. 1) from Dundas Street (Reg. Rd. 5) to 2 Side Road, Ward 3, in the City of Burlington (see attached map for project limits).

Improvements will include:

- Road repairs and asphalt resurfacing;
- New paved shoulders;
- New pavement markings;
- Ditch reinstatement, re-grading and cleaning;
- Driveway and roadway culvert repairs and replacements;
- Driveway paving to property line on a case-by-case basis for each property (impacted properties will be notified in advance);
- Curb replacements; and,
- Guiderail replacements.

The contractor for this project is Gazzola Paving Limited with project administration by Chisholm, Fleming and Associates.

Building a Better Halton

July 16, 2020

There may be night work and Saturday work required for this project. If night work is required, advance notification will be provided on the [Road Resurfacing Program](#) webpage on **halton.ca** and the electronic signboards on Guelph Line near Dundas Street and 2 Side Road. Updates to the construction schedule will also be available on the [Road Resurfacing Program](#) webpage on **halton.ca**.

PLANNING AHEAD

To help you plan ahead for construction activity, please read the project related information below. Wherever possible, mitigation plans will be put in place to minimize disruptions.

Driveway access: Direct access to your driveway may be restricted for short periods of time. We will provide advance notice of any planned restrictions.

Dust and mud: There may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

Erosion and sediment controls: We will install erosion and sediment control measures for the duration of the project.

Lawn irrigation system: If you have a lawn irrigation system, please locate, disconnect and remove any sprinkler heads within the public road allowance.

Mail delivery: We do not anticipate any changes or delays to mail delivery. We will provide advance notice if there are any changes.

Night work: Night work may be required as part of this project. We will provide advance notice of any change in work hours.

Noise: You may experience noise as a result of Regional improvements.

Precondition photos: In the coming weeks, a representative will take photos of the project site before the project begins.

Traffic delays: This work may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience. Emergency vehicle access will be maintained at all times.

Truck traffic: You will notice occasional increases in truck traffic around the ongoing work. Please be aware and use extra caution while driving.

Vibration: You may experience some vibration due to ongoing work. As a precaution, we recommend that you remove or secure objects on shelves and walls.

Waste collection: Your garbage and recycling will continue to be picked up on your regular scheduled collection day.
