**RE: NOTICE OF BUILDING CONDITION SURVEY
Wastewater Main and Maintenance Hole Rehabilitation on Brant Street (Regional Road 18), Ward 1, City of Burlington, Our File: PR-30420**

Dear Resident/Property Owner:

Beginning this winter, Halton Region will be rehabilitating wastewater mains and maintenance holes on Brant Street (Regional Road 18), from Brant Street to 90 metres west of Brant Street, ([see attached map](#)). The contractor for this project is Atlantis Underground Services Inc., with project administration by Halton Region.

Due to the nature of the construction, there is the possibility of vibration from the work activities. Halton Region has retained a specialized inspection company, **Wristen's Home Specialties Inc. (WHS)**, to perform interior and exterior condition inspections of all buildings in the area prior to the start of construction. The inspectors will take photographs of the interior and exterior of buildings and structures, and provide written descriptions of their existing condition. The inspection typically takes about an hour to complete and will require someone to be at home to accompany the inspector. **There is no cost to residents or property owners for the inspection service.**

WHS will be sending you a letter in the next two weeks, with more information regarding how to schedule the inspection. To contact WHS directly with any inquiries, please call their toll free 24-hour voice message centre at **1-855-322-2383** or **905-538-8700** or email at appointments@whsinc.ca. **Please indicate your name, address, telephone number, and availability in your message. Your cooperation in allowing the survey work to be completed as soon as possible is greatly appreciated.**

This project is part of *Building a Better Halton*, the Region's infrastructure construction plan for roads, water, wastewater, and waste management projects across Halton Region. For more information on Regional construction projects, please visit www.halton.ca/construction.

If you have any questions or require additional information, please dial 311 or contact me directly at 905-825-6000 (toll-free 1-866-442-5866), ext. 7141, or by email at alexander.andrenkov@halton.ca.

Thank you for your cooperation.

Sincerely,

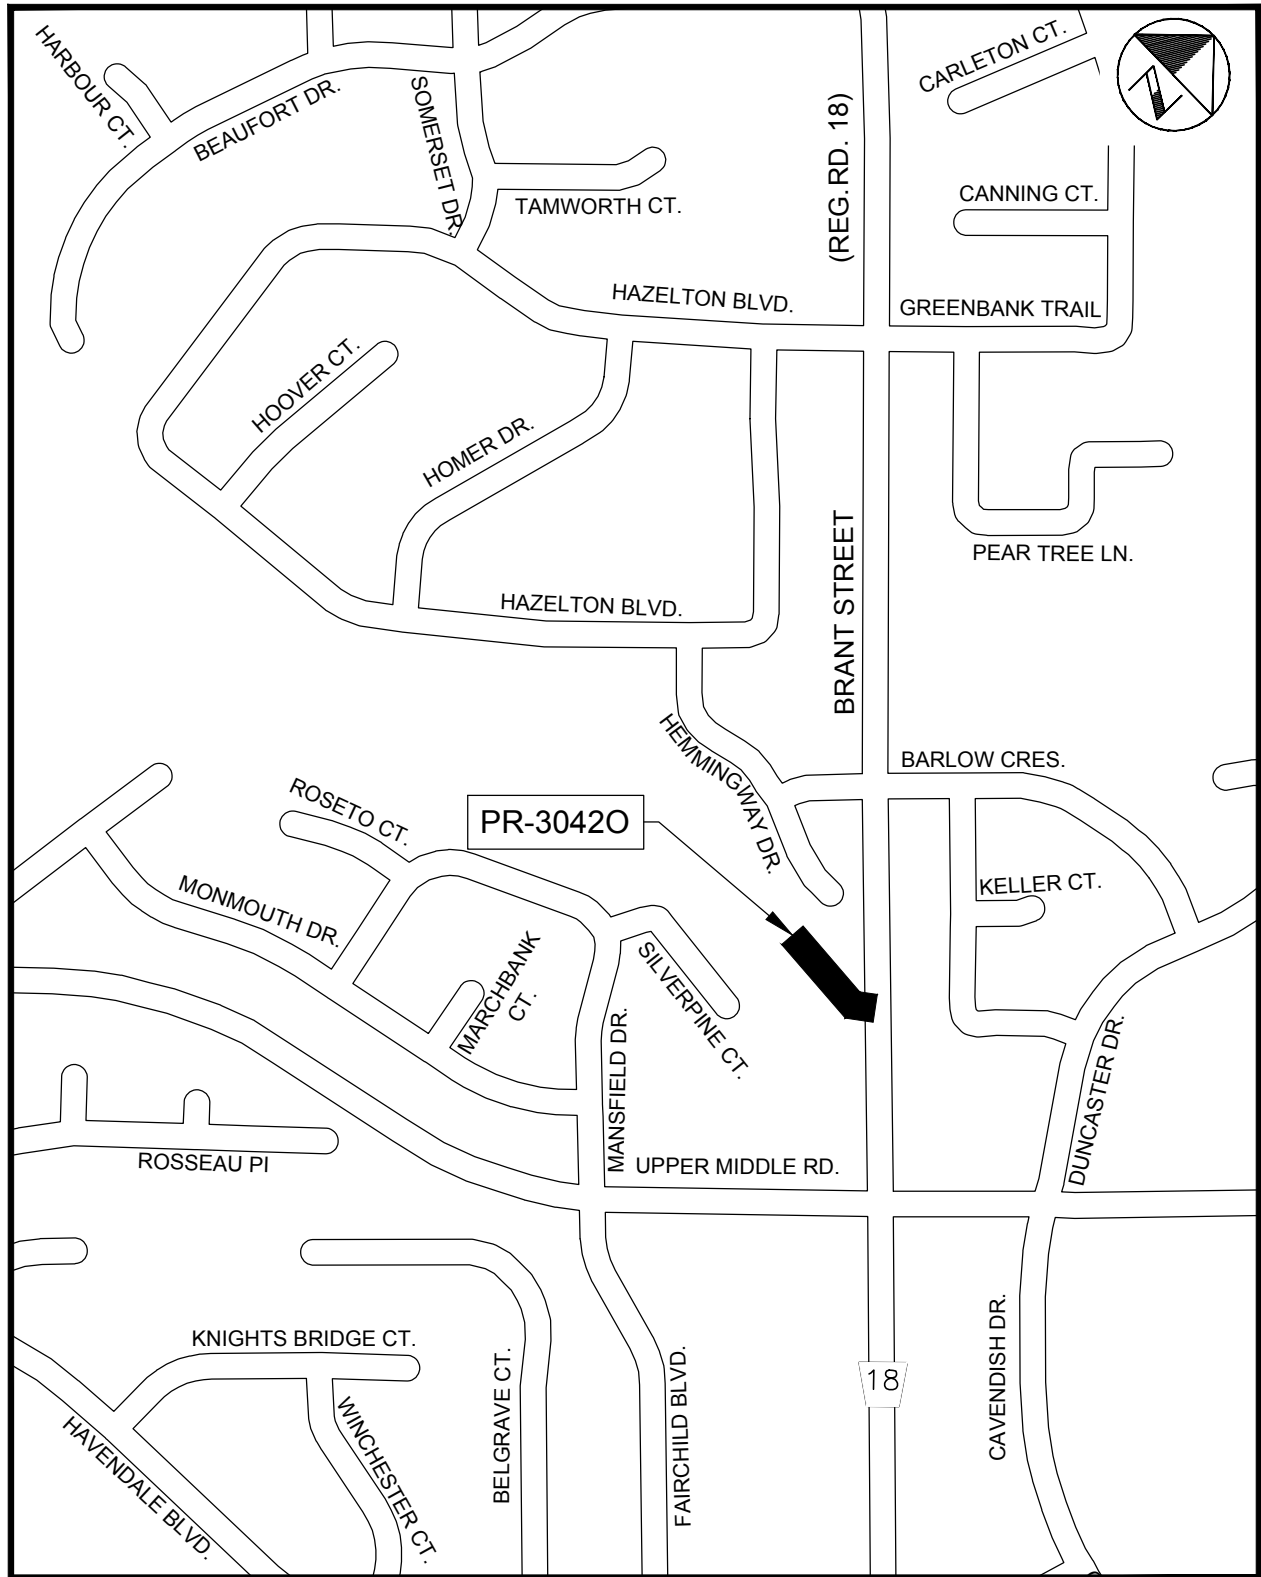

Regional Municipality of Halton
