Frozen Water Services Lowering Program - Restoration

Town of Milton

Notice of Construction – PR-3055

Maintaining clean
drinking water

August / September, 2020

About This Project

IMPROVEMENTS

As part of the Region's Frozen Water Services Lowering Program, the Region replaced a number of water services in 2016 / 2017 that had a history of freezing, in order to prevent the reoccurrence of freezing in typical winter conditions, and as part of this work, the road was partially restored. Beginning August 2020, Halton Region will be completing the final restoration of the road which will include final paving over the road cuts previously made, as well as curb replacement on certain streets within Wards 1, 2, 3 and 4 in the Town of Milton. Please find enclosed a map showing the approximate location of the work on, or in close proximity to, your street.

The contractor for this project is Vic's Group Inc. with project administration by Environmental Infrastructure Solutions Inc. (EIS). Construction is anticipated to be completed by September 2020.

COVID-19 Update: Regional staff and contractors will be following health and safety guidelines set out by the Province and Public Health to help stop the spread of COVID-19. For more information, please visit [halton.ca](https://www.halton.ca).

PLANNING AHEAD

To help you plan ahead for construction activity, please read the project related information below. Wherever possible, mitigation plans will be put in place to minimize disruptions.

Driveway access: Direct access to your driveway may be restricted for short periods of time. We will provide advance notice of any planned restrictions.

Dust and mud: There may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

Noise: You may experience noise as a result of Regional improvements. We will schedule work in accordance with local noise by-laws.

Traffic delays: This work may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience. Emergency vehicle access will be maintained at all times.

Truck traffic: You will notice occasional increases in truck traffic around the ongoing work. Please be aware and use extra caution while driving.

Vibration: You may experience some vibration due to ongoing work. As a precaution, we recommend that you remove or secure objects on shelves and walls.

Waste collection: Your garbage and recycling will continue to be picked up on your regular scheduled collection day. The contractor is responsible for moving your garbage and recycling to a location where our collection vehicles can pick them up. Please mark your house number on containers or bins to help with identification.

MORE INFORMATION

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
