Burlington Quarry *Aggregate Resources Act* (License Nos. 5499 and 5657) Site Plan Amendment Application – Part Lot 1 & 2, Concession 2, City of Burlington (Geographic Township of Nelson) Region of Halton .

Mr. Zeman,

The Ministry of Agriculture, Food and Rural Affairs (OMAFRA) is in receipt of Nelson Aggregate's response, dated February 2, 2022, for the proposed Burlington Quarry Extension license application and the associated plan amendment for the existing Burlington Quarry. The response includes updated site plans (February 2022 revisions) for the existing quarry and the proposed extension.

OMAFRA staff appreciates the project team's attention to our comments. Please note that the updated site plans have addressed our outstanding comments on the license application and the plan amendment. OMAFRA staff have no further concerns and we withdraw our objection to the proposed Burlington Quarry Extension license application. When the information becomes available, we would appreciate if the final version of the site plans could be provided for our files.

OMAFRA staff would be pleased to discuss the contents of this letter with the project team. If you have any questions, please contact me at david.marriott@ontario.ca or 519-766-5990.

Regards,

Rural Planner, OMAFRA
