Attention: Andrew Doersam, Senior Planner

Dear Mr. Doersam:

ROPA 38 Sustainable Halton Appeal Re:

Munn's United Church - Norm Graham, Trustee

Our File No. 72660

Please be advised with regard to the above noted matter that I act on behalf of Munn's United Church. Please accept this formal appeal of ROPA 38 on behalf of Munn's United Church by its Trustee, Norm Graham.

With regard to ROPA 38, my client is very concerned with regard to the interpretation of a section within ROPA 38 as it relates to road rights-of-way.

Specifically, we believe that there is the need for an additional policy within Section 173(5) that would state the following: ...

"(e) arterial road rights-of-way on alignment and widths to protect heritage built resources are based on engineering and environmental studies completed by or to the satisfaction of the Region, and shall be as set out within those studies, and different than those shown on Map 4."

In connection with this matter, we enclose herewith copies of our correspondence to the Regional Chairman dated November 9, 2011, and December 2, 2011. My client has a longstanding concern with regard to the proposed Dundas Street right-of-way which would result in the Region acquiring a portion of my client's lands that include its septic facilities, part of its parking lot, and church sign.

700 Kerr Street, Oakville, Ontario, Canada L6K 3W5 T: 905-842-8030

^{*} Certified Specialist (Corporate and Commercial Law)

I would point out that the Church has been impacted by the Dundas Street right-of-way previously, even to the effect that the Church sanctuary was jacked up and relocated further from the road, by the then Ministry of Transportation and Communications.

We enclose herewith our cheque payable to the Minister of Finance in the amount of \$125.00 and Form 1 as duly required.

Please contact me directly should you have any questions.

Yours faithfully,

O'CONNOR MACLEOD HANNA LLP

Mr. Gary Carr Regional Chair Region of Halton 1151 Bronte Road OAKVILLE, Ontario L6M 3L1

Dear Mr. Carr:

Re: Munn's United Church – Bus Rapid Transit Corridor Study Region of Halton Environmental Assessment – ROPA 38 Our File No. 72660

Representatives of my client, Munn's United Church, attended the Public Information Centre #2 regarding the Bus Rapid Transit Corridor Study on November 24, 2011. It was noted that the proposed plans presented a heritage preservation area with a road right-of-way of 36.75m. As advised at the meeting, the Region of Halton and their consultants are of the opinion that the option presented will allow the traffic to work efficiently through this constraint area. Based on this information, it is our understanding that the Environmental Assessment is recommending a reduced road right-of-way to protect the heritage resource on this property.

However, we note that within ROPA 38, for which the notice of decision was issued on November 24, 2011, Section 173(5) states: "Secure through the development process and where necessary in conjunction with the Local Municipalities: a) arterial roads right-of-way widths as shown on Map 4; and d) arterial road rights-of-way on alignment and of width that are based on engineering or environmental assessment studies completed by or to the satisfaction of the Region and may be different than those shown on Map 4." (Emphasis added.)

It is our understanding of this policy that when an environmental assessment is completed, the recommended road widths in the Environmental Assessment report override the rights-of-ways set out on Map 4. For example, if the Environmental Assessment required an

700 Kerr Street, Oakville, Ontario, Canada L6K 3W5 T: 905-842-8030

Main Fax: 905-842-2460 Real Estate Fax: 905-842-4180 www.omh.ca

additional widening beyond that required as set out on Map 4, the Region would have the authority to ask for the additional widening.

In this circumstance, the Environmental Assessment is stating that the required road right-of-way <u>is less</u> than Map 4, in this case 36.75m. Based on a consistent policy interpretation, the reduced right-of-way would now override the Map 4 right-of-way width and no additional road widenings beyond 36.75m would be required by the Region of Halton until a subsequent environmental assessment is completed regarding additional road works at some point in the future. This would be regardless of whether Munn's United Church were to proceed with any development or site plan approval on their property.

We are requesting that the Region of Halton confirm this interpretation regarding the official plan policies and right-of-way widths for this portion of Dundas Street.

We also noted that the heritage design option had proposed roadside landscaping as an element for the front yard between the church and the road. We have not seen the details of this proposal and are very much interested in seeing these details before the comment deadline as well.

If this confirmation is not received and the matters above not addressed to our satisfaction, please accept this letter as our objection to the recommendations put forward at the last Public Information Centre.

Please also note in view of the limited time constraints that we will be filing a protective appeal against ROPA 38 on this matter.

Please ensure that both Munn's United Church and the undersigned are on all mailing lists and are notified of the subsequent steps of the process. We would be pleased to meet if that would assist in the resolution of these issues.

Thank you.

Yours faithfully,

O'CONNOR MACLEOD HANNA LLP

Email

Mr. Gary Carr Region Chairman Transportation Coordinator The Regional Municipality of Halton 1151 Bronte Road OAKVILLE, Ontario L6M 3L1

Dear Mr. Carr:

Re:

Munn's United Church - Halton Region Master Transportation Plan

Dundas Street, Oakville Our File No. 72660

Please be advised that I am retained by Munn's United Church with regard to this matter and we have previously provided correspondence to the Region outlining concerns with regard to the proposed road widening and its impact on the Church.

On behalf of Munn's United Church I am writing you to register concerns regarding "The Road to Change - Halton Region Transportation Master Plan 2031" completed in September 2011 and the Notice of Completion.

My client, either directly or through its consultants, has participated throughout this process and still is very concerned as to how the proposed changes to Dundas Street will impact its facilities and its lands.

My client's property is in a unique situation in that there is a heritage building on their lands on the north side of Dundas Street and there is a cemetery on the south side of Dundas Street, both of which are constraints to expanding the road.

The current Environmental Assessment for Dundas Street (which is still under way), is based on a 47 meter right-of-way. We have met with Regional staff on a number of occasions to discuss our concerns regarding the recommendations of that process and our issues are still

700 Kerr Street, Oakville, Ontario, Canada L6K 3W5 T: 905-842-8030

Main Fax: 905-842-2460 Real Estate Fax: 905-842-4180 www.omh.ca

^{*} Certified Specialist (Corporate and Commercial Law)

not resolved. There has been no contact from Regional staff in over a year to address any of these issues.

The Region currently has the construction of this portion of Dundas Street scheduled for 2013.

The new Master Transportation Plan is proposing transit within a reserved right-of-way and an enlarged right-of-way for Dundas Street of a 50 meter right-of-way. In addition to these studies, the Region is undertaking the Bus Rapid Transit Corridor Study for Dundas Street which is proposing a new transit services on a dedicated lane.

My client is very concerned that the various studies, including this Master Transportation Plan, continue to set out ongoing and increasing land requirements to accommodate the requirements for Dundas Street, at the expense of the Church.

As Regional staff have not resolved my client's concerns to date, and the Master Transportation Plan only exasperates the issues of my client, we have no option but to object to the recommendations of the Master Transportation Plan as it relates to Dundas Street and the proposed dedicated transit line.

It is our request that the Region establish a comprehensive resolution that addresses both the concerns of Munn's United Church and the Region's needs over the long term.

Yours faithfully,

O'CONNOR MACLEOD HANNA LLP
