Road resurfacing

Notice of Construction Update – Project # PR-30420

August 2019

About This Project

IMPROVEMENTS

In May 2019, Halton Region has completed the rehabilitation of wastewater sewer mains, laterals and maintenance holes on **Crofton Way, from Heather Hills Drive to 60m east of Heather Hills Drive, Ward 1, City of Burlington**. This work will maintain Halton Region's wastewater infrastructure and reduce the risk of basement flooding (see attached map).

To correct deficiencies identified by Halton Region in the original work, the contractor will be **removing and replacing previously installed asphalt** along the roadway within project limits from Heather Hills Drive to 60m east of Heather Hills Drive. This work is anticipated to be completed by August 30, 2019. We appreciate your patience as we complete this project.

PLANNING AHEAD

To help you plan ahead for construction activity, please read the project related information below. Wherever possible, mitigation plans will be put in place to minimize disruptions.

Noise: You may experience noise as a result of Regional improvements. Work will be scheduled in accordance with local noise by-laws.

Driveway access: Direct access to your driveway may be restricted for short periods of time. We will provide advance notice of any planned restrictions.

Dust and Mud: There may be increased levels of dust and mud near the work site. The contractor is required to manage these impacts.

About This Project

Traffic Delays: The project may cause traffic delays, lane shifts or lane restrictions. We will make every effort to minimize any potential inconvenience. Emergency vehicle access will be maintained at all times. See “Mitigating Construction Impacts” below for additional information.

Truck traffic: You will notice occasional increases in truck traffic around the ongoing improvements. Please be aware and use extra caution while driving.

Waste collection: Your garbage and recycling will continue to be picked up on your regular scheduled collection day. The contractor is responsible for moving your garbage and recycling to a location where our collection vehicles can pick them up. Please mark your house number on containers or bins to help with identification.

MORE INFORMATION

Building a Better Halton is about more than construction. It is about investments in infrastructure, service delivery improvements and building complete communities that maintain the high quality of life that residents expect and enjoy.
