RE: Register for upcoming webinar on October 24 on fall communicable diseases – Pertussis, Influenza, RSV, COVID-19 and more!

QUICK FACTS

- [Register now](#) for Public Health's upcoming Mainpro+ accredited webinar on Thursday, October 24 from 7-8 p.m. to learn more about the respiratory diseases you'll be seeing in your practice this fall and winter.
- By the end of this session, participants will be able to:
 - Understand the epidemiology of key respiratory pathogens (influenza, RSV, pertussis, COVID-19)
 - Discuss symptoms and management strategies for pertussis, COVID-19, influenza and RSV
 - Outline current testing and treatment guidelines and recommendations for pertussis, COVID-19, influenza and RSV
 - Reiterate IPAC recommendations for the various respiratory pathogens
- See attached flyer for more details and learning objectives for session.
- Local Ontario Health Teams and physician associations will provide brief updates for physicians following the webinar.
