

NOTICE

This establishment is required to collect the following information:

the name(s) and contact information for every person in your party

date and time of arrival and departure

location of seating (section or table number)

active screening to ensure patrons are not ill

Name and contact information will not be collected for patrons who temporarily enter the area to place, pick up or pay for a takeout order.

If, in the opinion of Halton's Medical Officer of Health, the patron's information is needed for COVID-19 contact tracing or other public health purposes, the information will be disclosed to the Medical Officer of Health or a Public Health Inspector by email or fax. The patron's information must be securely stored for a minimum of one month by the establishment's operator.

.....

All customer information collected by this establishment is in accordance with Section 2 of the *Health Protection and Promotion Act* and the *Reopening Ontario (A Flexible Response to COVID-19) Act, 2020*.
