Non-Reusable Vaccine (spoiled or expired) Return Record

This record must be completed with every non-reusable vaccine return. Complete all fields including the return code (see reference table at the end of this record). If this is a cold chain failure, indicate the contact person at Halton Region that received the incident report, in the "Return Authorization By" field.

Holding Point Code and Facility Name HAL_OK_	Holding Point Contact	Return Authorization By
Fax Number	Telephone Number	Date of Return (yyyy/mm/dd)
